

CSISTARS Service Awards in a Millennial-Driven World

Does your service anniversary program recognize Millennial employees?
You're not alone, most programs don't.

Luckily **CSISTARS** designed a service awards program that includes ALL employees, not just the 15% celebrating a milestone anniversary. Send thanks weekly, welcome new hires from day one and celebrate success with easy to use peer-to-peer and social recognition tools.

Why is this important? According to Gallup's 2017 State of the Workplace Study, organizations that **double the number of employees who receive recognition every 7 days** can expect to see:

24%
IMPROVEMENT
IN QUALITY

27%
REDUCTION IN
ABSENTEEISM

It's time to rejuvenate your service awards!
