New York - August 1, 2018. CSI STARS, a personalized recognition and rewards partner, is thrilled today to announce being named one of the top recognition providers in North America as ranked by [HRO Today's 2018 Baker's Dozen](#).

CSI STARS ranked 10th in Customer Service and placed top 13 in all other categories measured; Size of Deal, Breadth of Service and Overall Recognition Partner. The rankings were revealed July 31 via [HRO Today's YouTube channel](#). The top 13 recognition providers in the industry are determined based entirely on positive feedback from clients who complete an anonymous survey.

*"A huge thank you to our partners for taking the time to share their CSI STARS experience, both in the personal support received and the personalized programs we design and manage for them. Our teams work incredibly hard to make it easier for people to recognize others. We've seen first-hand how these small acts of recognition when multiplied by many can transform a culture. We're incredibly proud to be named to this list for the first time and to have clients who honor, recognize and reward their people for doing their best everyday",* says Jim Brown, VP Sales for CSI STARS.

Rankings were based on responses submitted using statistical analysis and a weighted algorithm to ensure transparency.

*"The Baker's Dozen Recognition Providers survey is the foremost gauge of employee recognition providers in the industry and is extremely well respected by HR professionals everywhere,"* says Elliot Clark, CEO of SharedXpertise and HRO Today. *"There is no arguing that employee recognition makes a difference in today's corporate sphere. Any company looking to revamp its employee experience should strongly consider our picks in the 2018 Baker's Dozen."*
